

EPICLAM

sintered surfaces

800 x 2700

CAYYENNE

EPICLAM

sintered surfaces

EPICLAM is the result of large experience in ceramic sector under Cayenne's brand as well as the use of the latest technology in large size porcelain tile.

EPICLAM porcelain tiles are available in 6mm thickness in 800x2700 size, which is an immensely powerful tool for architecture, construction and interior design professionals due to the resistance and versatility of its material.

Our collections perfectly adapt to all needs as we have a product portfolio with all types of marble, cement, stone and decorative designs.

Our mission is create spaces that evoke comfort feelings among all consumers as well as contrast and flexibility.

Architectural solutions

Lightness

6 mm

6mm thickness makes the material lightness, which is important when handling such large pieces. This thickness is particularly suitable for cladding and flooring.

Big Slabs

800x2700 mm
32"x108"

Cayenne's EPICLAM large-format porcelain tile brings a greater sense of visual spaciousness in every place thanks to its size, as well as creating an effect of infinite continuity with far fewer joints when applying the product, which also translates into shorter installation time.

Colour Range

EPICLAM has a colour palette wide enough to meet the needs of any architect or interior designer and offers a wide range of decorative possibilities thanks to its variety of designs.
