100x100, 80x80,  
60x120, 60x60

**2** FINISHES  
Matt, polished

**18** COLOURS

## SINTERED FLOOR TILES

The technical porcelain or “colour body” is a **premium porcelain** manufactured by the pressing of pigmented powders that colour the entire thickness, not only its surface giving to the product a **high performance** and a **resistance** that's superior to the conventional porcelain.

The porcelain is coloured in its full body, not only the glaze of the upper part of the tile.

Extreme black; extreme white & super grey

Super white  
60 x 60cm / 24" x 24"

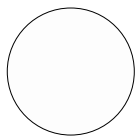

Absolute black & absolute white
